Hi Cathy - Actually there is a shipment on the way now. You should receive it today or tomorrow. This shipment consists of 2700 packs of ACCORD and 1200 packs of Marlboro Ultra.

Please keep me posted on how the distribution of the new lighters goes. As long as they are fully charged we should be OK. If possible, please request the study participants to put their lighter in the charger at the end of the day. That will help ensure that we do not have any more battery failures. If you should have additional problems with the downloading of the lighters please do not send them back until we can discuss an action plan. We do not have any more spares.

Thanks.

Debbie J. Newman

Hi Debbie,

Right now our cigarette counts in Phoenix are as follows:

457 packs of Accord  
733 packs of Marlboro

I know it is late notice, but is there any way we can get another shipment by 30Jan2003? Please let us know when we are to expect the next shipment of cigarettes. Thank you for your help.
